

Release 6-2015

The Gold Standard of compost  
 228 Stevens Rd.  
 Rising Sun, MD 21911  
 610-331-1849

We are pleased to announce PennDOT has approved our pasteurized mushroom compost for the following applications:

Section	Use	PennDOT Form needed	Standard Special Provision	Category
805.2.g	Mulching	CS-4171	Contact Full Circle for signed form	Bulletin 15 Listing
808.2.f	Soil Amendments	CS-4171	Contact Full Circle for signed form	Bulletin 15 Listing
867.2.a	Compost Filter Sock (component)	CS-200	N/A	Section 106.02 Project specific, locally approved material
868.2.a.1	Compost Blanket	CS-200	N/A	Section 106.02 Project specific, locally approved material
868.2.a.2	Compost Filter Berm	CS-200	N/A	Section 106.02 Project specific, locally approved material

You may download the CS-200 form from our online Library [PennDOT CS-200(5-15)] as well as our most recent chemical analysis. These forms are also compatible with NJ LRSP requirements.

We are also registered by MDA for use in their State Highway Administration projects, Ohio DNR projects and registered with the VA Dept of Ag. As you plan, bid, engineer and implement your projects, we look forward to supplying you the necessary compost for these uses. If you have any questions please don't hesitate to contact us.
